

Bournmoor Primary School

Policy for Behaviour Management

Introduction

Our school believes that in order to function as an institution with a safe and caring environment for all who work or learn in it, there must be a charter of rights to support everyone and an understanding of our responsibilities based on mutual respect which governs behaviour. As a Rights and Respecting school, the UN Convention on the Rights of the child are fundamental in our school practice. As such we ensure that:

- ✚ The best interests of the children are a priority (Article 3),
- ✚ Children have the right to say what they think matters concerning them (Article 12),
- ✚ Children have the right to be protected from being hurt or mistreated, in body or mind (Article 19),
- ✚ Children have the right to be safe (Article 37).

Definition

Our school believes that “behaviour” includes physical, emotional and personal attitudes which affect each person around them. The behaviour should be protective towards, and supportive of others within the school.

Scope

This policy applies to all pupils, the nursery and to all adults who work in the school and all visitors to the school.

Aims

It is the aim of the school to:

1. Promote respect for other people
2. Promote self-discipline and a respect for authority within its pupils.
3. Teach good behaviour amongst its pupils.
4. Ensure that the standards of behaviour are acceptable.
5. Regulate the conduct of pupils
6. Develop within the pupil’s behaviour patterns which serve to improve their lives and produce a sound basis for adulthood.

Objectives

By planning for the management of behaviour it is intended to have the following outcomes:

1. Adults including parents will lead by demonstrating respectful behaviour
2. Children and adults will treat each other with respect, kindness and consideration.
3. Children will develop self-discipline and self-respect.
4. Children will develop a sense of fairness, together with respect for the school charter of rights and responsibilities.
5. Children will develop an awareness of, and tolerance towards ways of life, culture, opinions and ideas different from their own.
6. Respect for the school environment.
7. Co-operative links between the home and school will be strengthened.
8. Children’s and adult’s attitudes to school and work will be positive and the learning environments will be conducive to the raising of educational standards.

Requirements

Our school will produce a policy for the management of behaviour which will be reviewed annually. The school will publish unambiguous charters for classroom and playground behaviour. The teachers and other staff will be given training in behaviour management and supportive skills.

The pupils will be taught correct behaviour attitudes and will be rewarded for achieving these. A clear statement of the school charter of Rights and Responsibilities, identified acceptable and unacceptable behaviours, the rewards and sanctions as well as the exclusion process will be produced and presented to all pupils and staff.

Conclusion

This policy is designed to enable the school to develop a clear strategy for the management of pupil's behaviour. Through this strategy and guidance it is intended that the classroom environment will be supportive of good educational practice, and that the ethos of the school supports a caring, protective and happy working environment.

Guidelines for Behaviour Management

Introduction

- The school system of behaviour management is based on respect for all.
- Children are rewarded for good behaviour.
- All children are expected to follow the School Charter of Rights and Responsibilities, their classroom charter and the lunch-time charter.
- Parents agree to support the School Charter of Rights and Responsibilities when they sign the home school agreement.
- Consequences for behaving inappropriately should be applied consistently by all members of staff.
