**Have a brilliant half term!**

Date: Autumn Term— February 2018

### Welcome back to Bournmoor Primary by Sophie and Isobel

Welcome back everyone to Bournmoor Primary. We hope you have enjoyed coming back from the last holiday (the Christmas holiday). We have never been so busy! Last time we were in school, it was 2017 but we know 2018 will be a super year for everyone. This has probably been one of the busiest years yet. So far, we have done a lot of things such as: Vex competitions, SATS practice, visitors, E-safety Day and loads more.

Now let's talk about when the Year Six pupils conquered practice SATS week. The tests were challenging but they tried their hardest. They did the tests in the exact order of the actual SATS tests. This is the order they are in: GPS test, reading test, arithmetic test, first reasoning test and the second reasoning test.

Now for Internet Safety. Internet Safety day in school is every day but a particular day to really think about it was the 6<sup>th</sup> February. We had an assembly on how to keep safe on the internet and we learned about it in class too.

Year Two have been going back in time; their trip to Lumley Castle was great. They learned lots of interesting things but they probably would have got lost without their tour guide who was amazing!

For news about VEX, read Freya and Carys' article and then read Grace's article about the amazing Year Four/Five assembly.

### Stone Age Day by Kingsley

On Wednesday, Sarah and Lindsey came into our class (Year 3/4) and told us what life in the Stone Age was like. We also tried some Stone Age breakfast which was porridge with honey, blackberries, red berries and more honey. In the afternoon, we were outside making fires and trying new food. Then, just before home time, we had a quiz about what food we had eaten. We all enjoyed it!

### Vex

by Freya and Carys

Vex (which is robotics) has a very important role in our school; it has also taken over Mr Seaton's classroom! The school's Vex robotics team has been working very hard during Vex club (which is run by Mr Seaton) and has completed four robots in total! On Friday the 2<sup>nd</sup> of February 2018 the Vex team travelled down to Church Chare (which is Park View) to complete their second competition after the victory of their first competition. They were up against other schools and were facing the mighty ring master as their challenge. Two teams were entered: Bournmoor B and Bournmoor A, with their robots (Cody and Electro). Although they sadly came back to school empty handed they have not lost hope for next year! The girls team (Bournmoor B) came second on driver skills and sadly lost by two points. However, Bournmoor A, which is the boys team, came 3<sup>rd</sup>. They didn't make it to the next stage by one place. We know that we can do it next year.

### Class 4 and 5 Assembly

by Grace

This week, on Thursday 8<sup>th</sup> February, Class 4/5 presented an assembly and all the children in their class were involved. Parents and pupils were invited to watch the amazing show. On that day, we all enjoyed watching their awesome performance! It was about travelling back in time and all of the inventions that people have made. We hope you enjoyed it.

### Sports Page by Jack

Recently, we have been up to lots of sport in our school; it is very fun. We have been doing:

- Table Tennis
- Football
- Netball
- Swimming
- Multi Skills
- Hockey
- Athletics
- And lots more!

In our after school clubs, Years 4, 5 and 6's did Table Tennis Club - we all learned loads in the hour. The football team have been working hard at lunchtimes to improve their skills, ready for the football season to start up again (that is at Easter time). In the mornings, the juniors and the infants all get woken up by the multi-skills. We do loads of activities from dodgeball to football (it starts at 8.00am).

Mr Dent (who runs the football and table tennis) said, "We are proud to be able to offer a variety of sports for everyone to enjoy whatever their level of ability."
