## **Key Guidance and Allocation Notes**

### **What is Sport Premium?**

Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6

In most cases, we (DfE) determine how many pupils in school attract the funding using data from the January 2019 school census.

Schools with 16 or fewer eligible pupils receive £1,000 per pupil.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

Maintained schools, including PRUs and general hospitals, do not receive funding directly from DfE.

They give local authorities PE and sport premium funding for maintained schools in 2 separate payments. Local authorities receive:

7/12 of your funding allocation on October 2019

5/12 of your funding allocation on April 2020

### **How to use the PE and sport premium**

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport you offer.

This means that you should use the premium to:

- Develop or add to the PE and sport activities that your school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- There are 5 key indicators that schools should expect to see improvement across:
- The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- The profile of PE and sport is raised across the school as a tool for whole-school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

### **For example, you can use your funding to:**

- Provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- Hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- Introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- Support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- Enter or run more sport competitions
- Partner with other schools to run sports activities and clubs
- Increase pupils' participation in the School Games
- Encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- Provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- Embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

**You should not use your funding to:**

- Employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets
- Teach the minimum requirements of the national curriculum - including those specified for swimming (or, in the case of academies and free schools, to teach your existing PE curriculum)
- Fund capital expenditure
