

## Bournmoor Primary School Homework Activities

### KS2 English SATS question Book 1 – Schedule of work

Below is an example schedule that you can use should you want to work on your English and GPS skills in preparation for Year 6.

We have included a glossary of terms and examples for some concepts can be found on the reverse of this sheet. If you are still finding some of the questions difficult, websites such as Twinkl and BBC Bitesize have lots of information to help.

We have split the work into sessions. **Each session should last no more than 45 minutes.** The idea is that you will **complete 1 session each day** (5 sessions per week) and note in the end column if you have completed it. You can then check back through this and when you return to school, discuss any areas you need to focus on with Mr Seaton and Mr Dent.
