KS2 Spelling Book 1 – Schedule of work

Below is an example schedule that you can use should you want to work on your spellings in preparation for Year 6.

The spellings you will find in the book come from the same list as you have been working on the Year 5/6 mixed spelling list throughout this year.

We have split the work into sessions. **Each session should last no more than 30 minutes.** The idea is that you will **complete 1 session each day** (5 sessions per week) and note in the end column if you have completed it. You can then check back through this and when you return to school, discuss any areas you need to focus on with Mr Seaton and Mr Dent.
