

Year Group: 5/6 – WEEK 2

Date: W/C 14.9.20

This week in school we will be learning about a range of topics. Please find this list below, with links for worksheets and additional assistance. Please do not hesitate to contact the school if you have any queries. We would like to thank you for your continued support and assistance during this difficult time.

Subject	Activities:
<p>English</p> 	<p><u>The Nowhere Emporium</u> Please research the author of our new class novel “The Nowhere Emporium” – The author’s name is ROSS MACKENZIE</p> <p>Handwriting: Log on to the Newsround website and create a set of notes about the news of the day – this should be in your neatest, joined handwriting style.</p> <p><i>If children wish to keep up to date with our class novel, it can be purchased on Amazon kindle or at WHSmith’s and Waterstones. Alternatively, it is also available on Amazon Audible as part of their FREE TRIAL.</i></p>
<p>Mathematics</p> 	<ul style="list-style-type: none"> • Complete some Number and Place Value activities on <i>Mathletics</i>. • Compete in the Year 5 Vs Year 6 Times Table Rockstars competition online <p>Complete this week’s activities on the WHITE ROSE HUB website – You can access a video for each session which includes explanations and tasks to complete – 1 video per day. Please see below for notes on how to access this resource.</p> <p>Visit https://whitrosemaths.com/homelearning/ and click the appropriate year group. Here you will find a list of week numbers with supporting material. Click the week 2 list with tasks to complete (1 per day) with accompanying videos. If you are not 100% confident at the end of the day, you should take the time to refresh and familiarise yourself, possibly even repeat the session until you are confident.</p>
<p>PE</p> 	<p><u>STAY ACTIVE</u></p> <p>When at home it is even more important to stay healthy and stay active!</p> <p>I would like you to focus on the “Stay Healthy” aspect of this. I would like you to research (online or even in a book) some healthy food recipes that contain everything you would need in order to keep a balanced diet.</p> <p>You can then create a presentation explaining your recipe, ready to discuss with your peers when you return to school. You could go one better and create the recipe at home, using your analytical skills and ability to expertly assess things, then review your creations – explaining how you feel it went.</p>
<p>Science</p> 	<p><u>Evolution and Inheritance</u></p> <p>This week we would like you to do some family research. We discussed the difference between Inherited characteristics (what you get from your parents) and Acquired characteristics (what you learn from your parents).</p> <p>We would like you to use this knowledge to create a detailed diagram (including technical drawings) explaining what makes you, you. What have you learned from your upbringing and what have you directly inherited from your family members.</p>
<p>Computing</p> 	<p><u>Typing practise</u></p> <p>Being at home is the perfect time to work on your word processing skills. You can access typing practise material at the website below. Here you can practise different word patterns, keep a score you how accurate you are and also how quickly you are able to type. https://www.keybr.com/</p>
<p>History</p> 	<p><u>Roman Britain</u></p> <p>Watch the Horrible Histories Rotten Romans video on YouTube (link below) and make notes on what you have seen. If you have time, you could build these notes into a short presentation, a poster or even create your own version of the video (including costumes if you like) and then play this for your peers when you return to school.</p> <p>https://www.youtube.com/watch?v=6dohpfFPI6U</p>
