

Year Group: 5/6 – WEEK 11

Date: W/C 23.11.20

This week in school we will be learning about a range of topics. Please find this list below, with links for worksheets and additional assistance. Please do not hesitate to contact the school if you have any queries. We would like to thank you for your continued support and assistance during this difficult time.

Subject	Activities:
<p>English</p> 	<p>SPAG.COM Complete the set tests on SPAG.COM based on core skills sessions that we have completed in class. Login details can be found in the front of your homework book.</p> <p>Descriptive writing – access the literacyshed.com and choose one of the new animations to watch. This could be based on the Christmas period. You will then be provided with a number of different activities that you can complete, such as re-writing the story, changing ending or adding a plot twist.</p> <p>Handwriting: Log on to the Newsround website and create a set of notes about the news of the day – this should be in your neatest, joined handwriting style. <i>If children wish to keep up to date with our class novel, it can be purchased on Amazon kindle or at WHSmiths and Waterstones. Alternatively, it is also available on Amazon Audible as part of their FREE TRIAL.</i></p>
<p>Mathematics</p> 	<ul style="list-style-type: none"> • Complete some Fractions activities on <i>Mathletics</i>. • Compete in the Year 5 Vs Year 6 Times Table Rockstars competition online <p>WHITE ROSE HUB WEEK 11 – FRACTIONS Complete this week's activities on the WHITE ROSE HUB website – You can access a video for each session which includes explanations and tasks to complete – 1 video per day. Please see below for notes on how to access this resource. Visit https://whiterosemaths.com/homelearning/ and click the appropriate year group. Here you will find a list of week numbers with supporting material. Click the week number shown at the top of this sheet. You will be provided with tasks to complete (1 per day) with accompanying videos. If you are not 100% confident at the end of the day, you should take the time to refresh and familiarise yourself, possibly even repeat the session until you are confident.</p> <ul style="list-style-type: none"> • Please log on to www.maths.co.uk with your new login details (if you are at home, we will text these out to you)
<p>Science</p> 	<p>Electricity What would we do without electricity? This week we would like you to look around the house and note down everything that is dependent on electricity. Then create a flow map of where you think this electricity comes from, and before it is produced, what is used to generate it (coal, wind etc). Could you live without electricity for a day? What would be most difficult?</p>
<p>Computing</p> 	<p>Typing practise Being at home is the perfect time to work on your word processing skills. You can access typing practise material at the website below. Here you can practise different word patterns, keep a score you how accurate you are and also how quickly you are able to type. https://www.keybr.com/</p>
<p>History</p> 	<p>Romans Our first session on the Romans in class will be based on creating a Roman timeline. This week we would like you to create your own timeline based on the major events from Roman history.</p>
