

Year Group: 5/6 – WEEK 4

Date: W/C 28.9.20

This week in school we will be learning about a range of topics. Please find this list below, with links for worksheets and additional assistance. Please do not hesitate to contact the school if you have any queries. We would like to thank you for your continued support and assistance during this difficult time.

Subject	Activities:
<p>English</p> 	<p>SPAG.COM Complete the set tests on SPAG.COM based on core skills sessions that we have completed in class. Login details can be found in the front of your homework book.</p> <p>Descriptive writing: Log on to google books, find “The Nowhere Emporium” (Link at bottom of sheet), choose a chapter, find the most interesting part and re-write it as your own version.</p> <p>Handwriting: Log on to the Newsround website and create a set of notes about the news of the day – this should be in your neatest, joined handwriting style. <i>If children wish to keep up to date with our class novel, it can be purchased on Amazon kindle or at WHSmiths and Waterstones. Alternatively, it is also available on Amazon Audible as part of their FREE TRIAL.</i></p>
<p>Mathematics</p> 	<ul style="list-style-type: none"> • Complete some Number and Place Value activities on <i>Mathletics</i>. • Compete in the Year 5 Vs Year 6 Times Table Rockstars competition online <p>WHITE ROSE HUB WEEK 4 – add and subtract numbers Complete this week’s activities on the WHITE ROSE HUB website – You can access a video for each session which includes explanations and tasks to complete – 1 video per day. Please see below for notes on how to access this resource. Visit https://whiterosemaths.com/homelearning/ and click the appropriate year group. Here you will find a list of week numbers with supporting material. Click the week number shown at the top of this sheet. You will be provided with tasks to complete (1 per day) with accompanying videos. If you are not 100% confident at the end of the day, you should take the time to refresh and familiarise yourself, possibly even repeat the session until you are confident.</p>
<p>PE</p> 	<p>STAY ACTIVE Personal challenge (If you’re feeling up to it!) Choose something physical that you can create a high score with, such as kick-ups in football or skipping with a rope before failing. Keep a high score each time you have a go, and try to beat it the following attempt. You could bring your talent with you back into school and introduce it as a whole class challenge.</p>
<p>Science</p> 	<p>Evolution and Inheritance Identifying adaptive traits. Animals and living things have adapted to their environment over time. This is known as adaptation. This week I would like you to research an animal or living thing and explain how it has adapted to the environment it lives in, for example, Giraffes have adapted to have long necks and tongues to assist them with eating.</p>
<p>Computing</p> 	<p>Typing practise Being at home is the perfect time to work on your word processing skills. You can access typing practise material at the website below. Here you can practise different word patterns, keep a score you how accurate you are and also how quickly you are able to type. https://www.keybr.com/</p>
<p>History</p> 	<p>Groovy Greeks How the Greek Empire ruled Europe. Using BBC Bitesize and Youtube, I would like you to create a poster explaining how the Greek Empire ruled across Europe. You could add a timeline into your creation to show how this changed over the year, or even do a before and after picture displaying the differences. Colour and detailed labels will make your poster stand out and show your knowledge, research and understanding.</p>
