

Year 6 Home Learning 1

Please note that some tasks will require hard copies of documents and these will be sent to you separately. Please do not hesitate to contact the school if you have any queries.

Subject	Activities:
<p>English</p> 	<p>The Icabog Please research the author of our new class novel “The Icabog” – The author’s name is J K Rowling.</p> <p>Handwriting: Log on to the Newsround website and create a set of notes about the news of the day – this should be in your neatest, joined handwriting style. <i>If children wish to keep up to date with our class novel, it can be purchased on Amazon kindle or at WHSmith’s and Waterstones. Alternatively, it is also available on Amazon Audible as part of their FREE TRIAL or on Youtube, use the following link to have the novel read to you:</i> https://www.youtube.com/watch?v=exbeyY7-Ral</p>
<p>Mathematics</p> 	<ul style="list-style-type: none"> • Complete Number and Place Value activities on <i>Mathletics</i>. • Compete in the Year 6 Times Table Rockstars competition online <p>Complete this week’s activities on the WHITE ROSE HUB website – You can access a video for each session which includes explanations and tasks to complete – 1 video per day. Please see below for notes on how to access this resource. Visit https://whiterosemaths.com/homelearning/ and click the appropriate year group. Here you will find a list of week numbers with supporting material. Click the week number shown at the top of this sheet. You will be provided with tasks to complete (1 per day) with accompanying videos.</p>
<p>PE</p> 	<p>STAY ACTIVE When at home it is even more important to stay healthy and stay active! This week I would like you to focus on the “Stay Healthy” aspect of this. I would like you to research (online or even in a book) some healthy food recipes that contain everything you would need in order to keep a balanced diet.</p> <p>You can then create a presentation explaining your recipe, ready to discuss with your peers when you return to school. You could go one better and create the recipe at home, using your analytical skills and ability to expertly assess things, then review your creations – explaining how you feel it went.</p>
<p>Science</p> 	<p>Evolution and Inheritance This week we would like you to do some family research. We discussed the difference between Inherited characteristics (what you get from your parents) and Acquired characteristics (what you learn from your parents).</p> <p>We would like you to use this knowledge to create a detailed diagram (including technical drawings) explaining what makes you, you. What have you learned from your upbringing and what have you directly inherited from your family members.</p>
<p>Computing</p> 	<p>Typing practise Being at home is the perfect time to work on your word processing skills. You can access typing practise material at the website below. Here you can practise different word patterns, keep a score you how accurate you are and also how quickly you are able to type. https://www.keybr.com/ or you can use https://www.typing.academy/</p>
<p>History</p> 	<p>Anglo Saxons Watch the Horrible Histories “Smashing Saxons” video on YouTube (link below) and make notes on what you have seen. If you have time, you could build these notes into a short presentation, a poster or even create your own version of the video (including costumes?) and then play this for your peers when you return to school. https://www.youtube.com/watch?v=CH8JcBkb1W4</p>

Teams will be available for you to upload any work you complete whilst working from home. You can upload this into the “Home learning 2021” assignment documents. We will then be able to give you feedback and support if you require it.
